

ACCELERATING TECHNOLOGIES FOR DECARBONISATION

CONFERENCE

EXHIBITION

SUNSET NETWORKING DRINKS

Now in its fifth year, A2EP's Innovation X-Change is renowned as must-attend event for industry leaders focussed on delivering energy productivity and decarbonisation.

The X-Change is designed with an intimate format to maximise learning and networking opportunities with energy users, consultants, suppliers and policy makers who are already implementing innovative solutions to decarbonise our economy.

The event is focussed on available and emerging innovations and real-world applications that will contribute to the achievement of net zero targets and overall business productivity improvements.

In addition to the conference sessions there will be an exhibition of technologies and solutions.

PROGRAM

This year's sessions will include:

- Strategies and solutions to decarbonise various industry sectors
- Transitioning from gas
- Jobs, skills and opportunities in decarbonisation
- Hydrogen and bioenergy futures
- Success stories

Join us for our sunset networking function on Tuesday 18 October with spectacular view of the city skyline!

A2EP's Energy Innovation X-Change is an outstanding, high-value opportunity for sponsors to reach key decision-makers, including managers of operations, sustainability, engineering, environment and projects. We also attract a high number of consultants and communicators, government officials at the forefront of policy and program design, as well as suppliers and contractors for the products and services that deliver change. We have a number of sponsorship opportunities available for this year's conference.
